

DID YOU KNOW?

Cars and trucks account for more than half of all the air pollution in South Carolina.

AIR QUALITY TIP:

When you and your friends ride your bikes or walk to school, you help prevent air pollution.

For more information, please visit DHEC's Bureau of Air Quality Web site at www.scdhec.net/baq.

DID YOU KNOW?

South Carolina's coast is only 187 miles long, but its numerous estuaries, bays and creeks combine to create nearly 3,000 miles of total shoreline.

BEACH TIP:

Clean up after yourself when visiting the beach. Take all soft drink containers home with you to recycle.

Visit DHEC's Office of Ocean and Coastal Resource Management Web site at www.scdhec.net/ocrm.

DID YOU KNOW?

Rain washes the things we leave behind, like trash, pet waste, fertilizer and motor oil, down storm drains and into the nearest creek or stream.

WATER TIP:

Clean up pet waste, pick up trash, use less fertilizer and clean up oil leaks. Only rain should go in a storm drain.

For more information, please visit DHEC's Bureau of Water Web site at www.scdhec.net/water.

DID YOU KNOW?

Trees give off oxygen that humans and animals inhale and take in the carbon dioxide that we exhale.

TREE TIP:

Plant a tree in your yard today. If you don't have a yard, plant a small tree in a pot or planter on your patio.

For more about "Love A Tree S.C.," visit www.scdhec.net/recycle or www.internationalpaper.com.
